

FREE Street Theatre Workshops & Performance Opportunity

Deadline to Book Place: Tues 6th October

Findhorn Bay Arts and Surge are offering the exciting opportunity to take part in free street theatre workshops and performances in Forres this October 2020.

This would involve rehearsing with Surge at their street theatre workshops, where you will be given the chance to learn the skills to become a street performer and to try out Surge's street theatre acts. You will then take to the streets to try out what you've learned.

No experience of street theatre is necessary – just a willingness to try out new things!
